Steam Iron for clothes shouldn't be heavy or impossible to use! That's why the iSteam Luxury Edition is here to save the day! This small but mighty steamin' sidekick fits in your hand and effectively de-wrinkles any type of fabric!

LENSBALL IS FOR EVERYONE

A product built keeping in mind the quality standards a professional photographer needs, for a price everyone can afford. Your smartphone won't be freaking out either: autofocus and other smart camera features work very well with Lensball!

PERFECT FOR PHOTOGRAPHY:

Lensball is made for beginners as well as for professional photographers. To make this accessible for all levels of photography, Lensball does not only work with professional cameras but it is also suited for any smartphone camera.
