Dear Gabi and Shani Bar,

At the end of the July 2020 semester of Campus Ilan Online, I would like to thank you for your work on behalf of the Ilan graduates. Campus Ilan Online is a virtual campus that allows graduates with physical disabilities to learn and encounter new worlds of content and people. The campus has social and rehabilitative goals.

Throughout the July 2020 semester, you volunteered, completely free of charge, to offer our students the opportunity to participate in your "Big Dreamers" course. For 10 weeks, every week, for an hour and a half, you - Shani, and your and Gabi's team at TCM, taught our graduates about the world they wanted to see, how to achieve it, and most importantly - with the help of vision practice - to believe in themselves and their abilities. During the course, you also prepared presentations and videos for students, which reflected your investment and belief in them. Your work for them did not end with the study itself or the weekly meeting alone - but it is obvious that there was much more than that. There are not enough words to thank you for all that you have given us, Gabi and Shani, and your wonderful staff. The immediate change in the lives of the students was felt by everyone!!

Dear Gabi and Shani Bar, thank you. In the world of rehabilitation in particular, and in the world in general - people like you bring about a necessary and blessed change. Thank you for the giving, the light, the dedication, the investment - which are not taken for granted at all, certainly in these challenging times, and certainly when it comes to a busy company like yours. You did not at all make us feel that TCM was incredibly busy, in the process of being issued on the stock exchange... You made us feel as though Ilan was in your sole interest for the hour and a half that you were with us every week. And for that - we thank you massively.

The results you have achieved, Gabi and Shani, are amazing: all the students of the course - have continued on to the "advanced" course and practiced a daily vision. One student approached you independently and was accepted to the store manager's course at TCM. New students approached me to ask for more places in the course and indeed - with your generosity and greatness - you agreed to continue to strengthen the partnership between us: for the semester of October 2020, you provided us with two classes. The registration, as of this minute, has not yet finished - and both classes are already full.

Dear Gabi and Shani, dear TCM team, you are changing the world. You make it a better place.

Thank you for the partnership, for the light, for the giving.

I am sure that our shared path will yield many more results - accurate, correct, and groundbreaking.

With great respect, with great appreciation, with great gratitude
